PROFESSIONAL EXPERIENCE

Product Designer | Rapid Global Sep 2024 – Present

Mobile Product

- Own product design for Rapid's **iOS and Android applications**, from discovery and user flows through high-fidelity design, prototyping, testing, and developer handoff.
- Design mobile experiences following **iOS Human Interface Guidelines and Android Material Design**, while maintaining consistency across the product ecosystem.
- Design and simplify workflows including **incident reporting, QR-code scanning, check-in, profiles, packages, and filtering.**
- Partner with Product Managers and Engineers to balance user needs, business goals, and technical constraints.
- Identify usability issues and simplify complex workflows across workplace safety and compliance products.

Design System

- Helped lead the evolution of Rapid's **cross-platform Design System**, supporting web, mobile, and iPad experiences across **8 products.**
- Contributed to **100+ reusable components, patterns, documentation, and semantic design tokens** covering colour, spacing, status, and theming.
- Established a consistent foundation for **light, dark, and branded themes**, improving consistency and implementation across products.

- Worked closely with designers and developers to turn design-system decisions into reusable, production-ready components.

UI/UX Designer | Nirovision Feb 2022 – Sep 2024

- Designed and refined web-based product experiences for **face authentication, licence-plate recognition, and site monitoring**, focusing on making complex tools easier for non-technical users.
- Redesigned dense, dashboard-driven workflows to improve information hierarchy, navigation, and day-to-day usability.
- Created user flows, wireframes, interactive prototypes, and high-fidelity designs in Figma, working from product requirements, user feedback, and usability considerations.
- Collaborated with Product and Engineering teams to refine designs, resolve implementation questions, and improve the overall product experience.

UI/UX Designer | ITech Pioneer Sep 2019 – Jan 2022

- Led UX/UI design across mobile and web applications, from user flows and wireframes through high-fidelity designs and prototypes.
- Worked closely with developers and stakeholders to turn product requirements into practical, polished digital experiences.
