WORK EXPERIENCE

Product Designer | Rapid Global

Sep 2024 – Present

- Own the product design of Rapid's mobile applications across **iOS and Android**, driving the end-to-end design experience from product discovery and user flows through wireframes, prototyping, usability testing, and developer handoff.
- Lead **mobile-first experiences**, creating intuitive and scalable interfaces tailored to the patterns and requirements of iOS and Android while maintaining a consistent product experience.
- Collaborate closely with Product Managers, Engineers, and stakeholders to translate complex business requirements into clear, accessible, and user-centred mobile experiences.
- Design and maintain experiences within the **Rapid Design System**, supporting consistency, scalability, and efficient implementation across mobile products.
- Apply platform-specific design principles, including **Apple Human Interface Guidelines and Android Material Design**, while balancing platform conventions with product and business needs.
- Contribute to product strategy and UX decisions by identifying usability opportunities, simplifying complex workflows, and advocating for customer needs throughout product development.

UI/UX Designer | Nirovision

Feb 2022 – Sep 2024

- Designed and refined user-centric digital interfaces across web and product experiences, balancing visual quality,

usability, and business requirements.

- Created wireframes, interactive prototypes, and user workflows informed by research and testing.
 - Collaborated with cross-functional teams to improve usability, align design intent with implementation, and support product innovation.
-

UI/UX Designer | ITech Pioneer

Sep 2019 – Jan 2022

- Led end-to-end UX/UI design from user research and wireframing through prototyping and final implementation.
 - Designed clean, engaging experiences for mobile and web applications and partnered closely with developers and stakeholders to align functionality with design intent.
-

Web Designer And UI Designer | Business Media International

Aug 2014 – Jun 2019

Designed responsive websites and user interfaces, delivering complete digital and visual design solutions including branding, logos, icons, and visual assets.

Graphic Designer | Almas Shargh

Feb 2012 – Aug 2014

Created print and branding solutions including logos, infographics, brochures, advertisements, and corporate materials.

Illustrator | Apadana Co.

Jan 2007 – Mar 2011

Created illustrations, characters, and environments for children's books in collaboration with authors.
